

K&K

SPECIALIST IN THE CONSTRUCTION INDUSTRIES

K & K CONTECH COMMITS TO PROVIDING OUR CLIENTS WITH THE
BEST SUITED ECONOMICAL SOLUTIONS.

We look forward to delivering these solutions to you, in the present and the future.

K & K CONTECH ENGINEERING PVT LTD

WELCOME TO **K & K CONTECH ENGINEERING PVT LTD**

We are dedicated to providing appropriate and cost-effective solutions for our clients and community. We look forward to providing these solutions for you, now or in the future.

We are specialists in the field of construction; constructing residential and commercial structures for more than 11 years. Building RCC (Reinforced Cement Concrete) and Heavy Steel structures for industries has also been a part of our journey. Our office, which was established in 2007, is located at Chennai. Our major clients include Samsung Electronics, Charoen Pokphand, Mando, Lotte along with other automobile manufacturing industries across India. We have consistently expanded our areas of expertise to meet

the growing needs of our clients, including the ability to address environmental controls and government regulations. We are equipped with the best resources in the field to handle every phase of a project starting from its design through its administration. K & K is flourishing and expanding its projects throughout India in places such as Andhra Pradesh (Vijayawada, Vishakapatnam & Chittoor), Maharashtra (Mumbai & Pune), Uttarpradesh (Noida) & Karnataka, etc.

MISSION & VISION

K & K HAS A CLEAR VISION FOR THE FUTURE

- 🌐 To be a leading company of outstanding quality, performance and reliability in all types of construction.
- 🌐 To be a leading construction company in India.
- 🌐 To become the preferred choice for customers by attaining excellence in quality and completion of value-added projects in the given time frame.
- 🌐 To constantly innovate and develop new technology; to enhance productivity.
- 🌐 To steadily improve the skills of our employees.
- 🌐 To build a safe culture aimed at reducing the severity rate and achieving zero accidents.
- 🌐 To identify and mitigate all the environmental impacts arising from our actions and comply with the applicable environmental norms.
- 🌐 To contribute to the development of the local community and society at large as part of our corporate social responsibility.

WE CREATE

ARCHITECT

Architecture plays a major role in the creation of a project on the whole. We offer professional services from design plans, creating structures and construction of a building. Design activities are planned from the macro-level (urban design, landscape architecture) to the micro-level (construction details and furniture).

WE DESIGN

STRUCTURAL

Project design and engineering are the greatest strengths of K&K. We are qualified to provide basic and detailed engineering designs for infrastructure projects. Our efficient structural engineers use latest softwares like STAAD PRO to design structures and develop innovative solutions for difficult site conditions.

WE CONSTRUCT

CIVIL ENGINEERING

Civil engineering deals with design, construction, and maintenance of the physical and naturally built environment around us. Our civil engineers envision, shape, construct, supervise, operate and maintain infrastructure projects, both in the public and private sector.

WE PROVIDE & IMPROVE

VALUE ENGINEERING

Value engineering is a systematic and organized technique to provide the necessary functions of a project at the lowest cost possible. Value engineering helps to improve the quality of the product design. It also eliminates the unnecessary costs of the project making it cost-effective for our clients.

WE SUPPORT

CONSULTING

At K & K Help, we welcome the support of architects and civil engineers on board. We expect you to share your knowledge in your field of expertise and help our customers build their dream.

OUR PROJECT GALLERY
